Leading Democrat Believes 90 teen years of its existence.

We have been endorsed by the Senate Per Cent. Are With Martin and Swanson.

"Unreasonable as it may sound to some ears, it is not mere conjecture, but sober belief, based upon what I have heard, when I say to you that were the primary election to be held to-morrow, Senators Martin and Swan-son would receive the votes of nine out of every ten Democrats in the Ninth District," said A. It. Williams, of Wytheville, at Murphy's Hotel last night. "I have talked with very many of the people of the district, and believe my figures are not only reasonable, but conservative.

"I will go even further," continued Mr. Williams. "In allowing Mr. Jones and Mr. Glass 10 per cent. of the vote I am giving them 9 per cent. for possible surprises. In other words, were the election to be held now, and were the result to be on the same basis as the opinions expressed by the people I have seen, Martin and Swanson would get 99 per cent, of the vote."

Will Run Together.

Locally, thinks Mr. Williams, the votes will vary in slight degree, but he believes that Martin and Swanson will receive about an equal number, taking the district all over. The vote out there will be immense at the September primary, since all the possible voters qualified for the Stuart-Sjemp fight last year, and the activity of candidates for county offices this year will result in keeping them in line for voting.

Mr. Williams is prominently mentioned by his friends for the Senate from the Fifth District, to succeed Senator A. P. Strother. The latter is a Republican, but the district is now regarded as safely Democratic. Mr. Williams is an active party worker, and has been for years, having been a leader in the fight for Mr. Stuart in the late campaign. Ho has not yet consented to be a candidate.
